Father's Day

Our nursery students enjoyed a fun and creative Paper Dabbing Activity using cotton. They beautifully decorated a Father and Child portrait by dabbing colors with cotton, expressing their love and appreciation for their fathers. This activity helped develop fine motor skills, creativity, and emotional bonding while celebrating the special relationship between a father and child.

Father's Day was celebrated with great joy and enthusiasm at Gyanodaya Shishu Mandir. All the children actively participated in the celebration and brought photographs with their fathers, which they happily shared with their classmates and teachers. The teachers organized dance performances and fun activities, making the day enjoyable and memorable for everyone.

Our little artists celebrated Father's Day with great enthusiasm and joy by participating in a special craft activity. The children creatively designed colorful ties and beautiful decorations to express their love, gratitude, and appreciation for their fathers. Using different art materials, they showcased their imagination, creativity, and fine motor skills while making unique handmade gifts. The activity provided an opportunity for the children to share their feelings and understand the importance of their fathers in their lives.

Our little ones celebrated Father's Day with great joy, love, and excitement. They expressed their gratitude by creating beautiful handmade cards and taking part in fun classroom activities dedicated to their superhero dads. It was a heartwarming celebration filled with smiles, creativity, and precious memories.

**Tiny hands crafted beautiful gifts filled with love,
making Father's Day extra special**
