

PTM ORIENTATION PROGRAMME 2026–27

Building Bridges Between Home and School

"The best education begins when parents and teachers become partners in a child's journey of learning."

A Meaningful Beginning

Gyanodaya English Medium Primary School organized its PTM Orientation Programme for the Academic Session 2026–27 with the vision of strengthening the bond between parents and educators. The programme served as an excellent platform to introduce parents to the school's academic goals, teaching practices, assessment system, discipline policies, and co-curricular programmes while reinforcing the importance of collaborative learning.

Warm Welcome & Inspiring Address

The programme commenced with a warm welcome by the school management, followed by an inspiring address emphasizing the school's commitment to academic excellence, moral values, and holistic development. Parents were encouraged to actively participate in their children's educational journey by maintaining regular communication with teachers and supporting learning at home.

Academic Excellence through Collaboration

Teachers presented a detailed overview of the curriculum, classroom methodologies, competency-based learning, examination pattern, homework policy, and assessment procedures. Parents were introduced to innovative teaching strategies, experiential learning, project-based activities, and classroom expectations that promote curiosity, creativity, and independent thinking.

The session also emphasized the significance of regular attendance, punctuality, reading habits, and consistent practice in ensuring every child's academic growth.

Beyond Academics

The orientation highlighted the school's diverse co-curricular programmes, including cultural celebrations, sports activities, art and craft, yoga, literary events, environmental awareness campaigns, and value education. Parents appreciated the school's dedication to nurturing well-rounded individuals equipped with confidence, leadership, creativity, and social responsibility.

Technology-Enabled Learning

Parents were introduced to the school's smart classrooms, digital learning resources, and technology-integrated teaching methods. The school emphasized the importance of responsible digital citizenship and demonstrated how technology enhances conceptual understanding while making learning more engaging and interactive.

Interactive Parent–Teacher Session

One of the highlights of the programme was the interactive discussion session where parents shared their queries, suggestions, and expectations. Teachers addressed every concern with patience and professionalism, offering valuable guidance on supporting children's academic progress, emotional well-being, and personality development.

The open dialogue strengthened mutual trust and reaffirmed the school's belief that effective education flourishes through continuous communication between home and school.

A Shared Commitment

The programme concluded with a heartfelt vote of thanks, expressing gratitude to all parents for their enthusiastic participation and unwavering support. Their presence reflected a collective commitment towards creating a nurturing environment where every child can learn, grow, and succeed with confidence.

The PTM Orientation Programme marked the beginning of another promising academic year built on trust, cooperation, and shared responsibility. Together, the school and parents reaffirmed their dedication to empowering young minds with knowledge, values, creativity, and compassion, ensuring that every child is prepared to face the future with confidence and integrity.

Together We Learn • Together We Grow
• Together We Succeed
